MCC Receives Treasury Wine Estates 2017 Supplier of the Year Award

MCC Napa received the Treasury Wine Estates 2017 *Supplier of the Year* award at the Treasury Wine Estates Supplier Summit, held May 24 in St. Helena, CA.

Treasury Wine Estates, one of MCC's largest global wine customers, recognized MCC Napa for its top performance in Innovation, Quality and Service as well as showing "true excellence and partnership" during a pivotal period of organizational change at the winery. MCC was also cited as a prime example of a partner that exhibits the TWE growth behaviors of Trust, Belief, Focus and Collaboration.

MCC was selected over all other dry-goods suppliers to the winery including glass, closures, labels, cartons, POS and graphics.

We are grateful for the recognition from TWE, and thankful to all of our associates for their contributions to this incredible team win.
